# Core Values

## **Honesty: "Stand for what's right"**

We believe in standing for the truth and doing what's right, even when no one's watching. We have uncompromised integrity. We cultivate true hearts because they produce honest actions.

## **Excellence: "Raise the standard"**

We believe in raising the standard by serving with excellence, challenging the status quo, thinking differently, and continuously improving so we can create insanely great work that we're really proud of. What might be impossible, just hasn't been done yet.

## **Accountability: "Do what you say you're going to do"**

We believe in doing what we say we're going to do and holding others to their word. We make big commitments and hold them 100% of the time. Whether the outcomes are good or bad, we don't make excuses.

## **Respect: "Treat others with dignity and respect"**

We believe in treating others with courtesy, dignity, and respect. We value each team member as individuals with diverse backgrounds, unique knowledge, skill, experience, training, and education. We respect the choices that they make for their lives.

## **Teamwork: "Face struggles together"**

We believe in building trust and supporting each other. We believe in sacrificing for each other because we know they would do the same for us. We embrace struggles head on because when united, the seeds we plant together have the power to make a big difference.
